The image shows a collage of sports-related items. The central focus is a tilted magazine cover for Sports Illustrated. The cover features a photograph of an American football game in progress. A player in a green jersey with the number 3 is running with the ball, while several players in white jerseys are attempting to tackle him. One player in a white jersey with the number 79 is prominently shown in the foreground, having just released the ball. The background of the collage includes other sports-related images: a woman in a bikini at the top, a football helmet on the right, and a football player in a green jersey at the bottom left. The text 'Sports Illustrated' is written in large, bold, yellow letters across the top of the magazine cover. The word 'Sports' is also visible in a smaller font at the bottom left of the page.

Class of '82

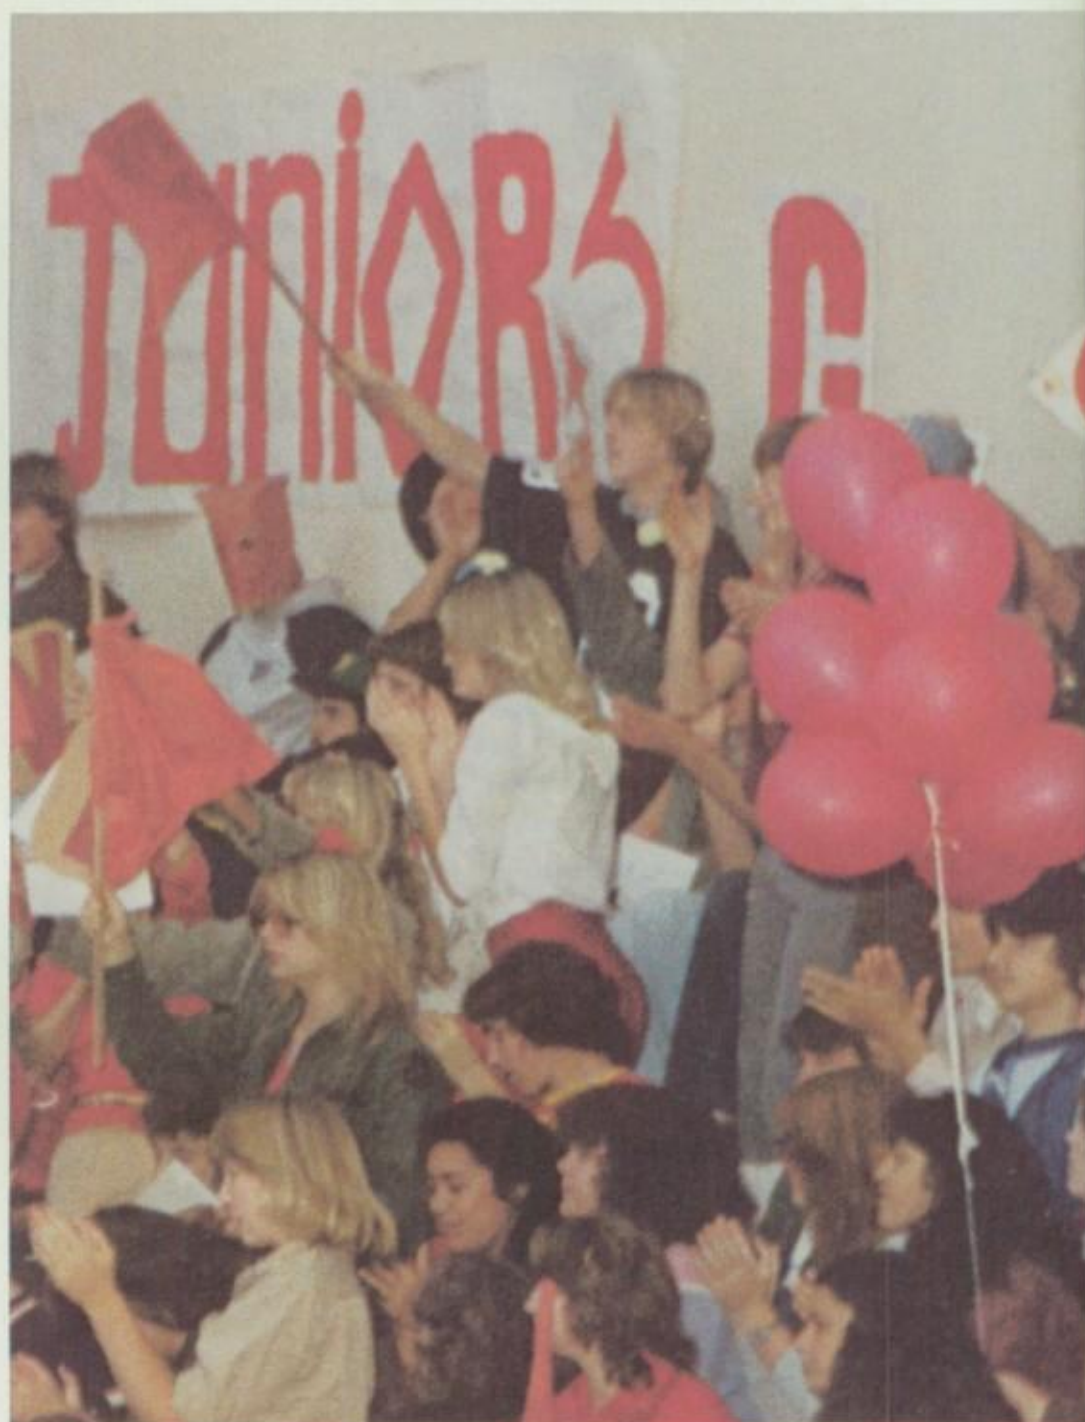

shoots underclassmen down again

Gun mauls and tough guys help subdue underclassmen and spur the Trojans to victory over the Sunset Falcons.

Donning army fatigues the class of '83 invades C.V.H.S. with hopes to conquer and take command of the Seniors and Sophomores. Using popular chants from war movies they perform their skit and class cheers.

Rally spirit

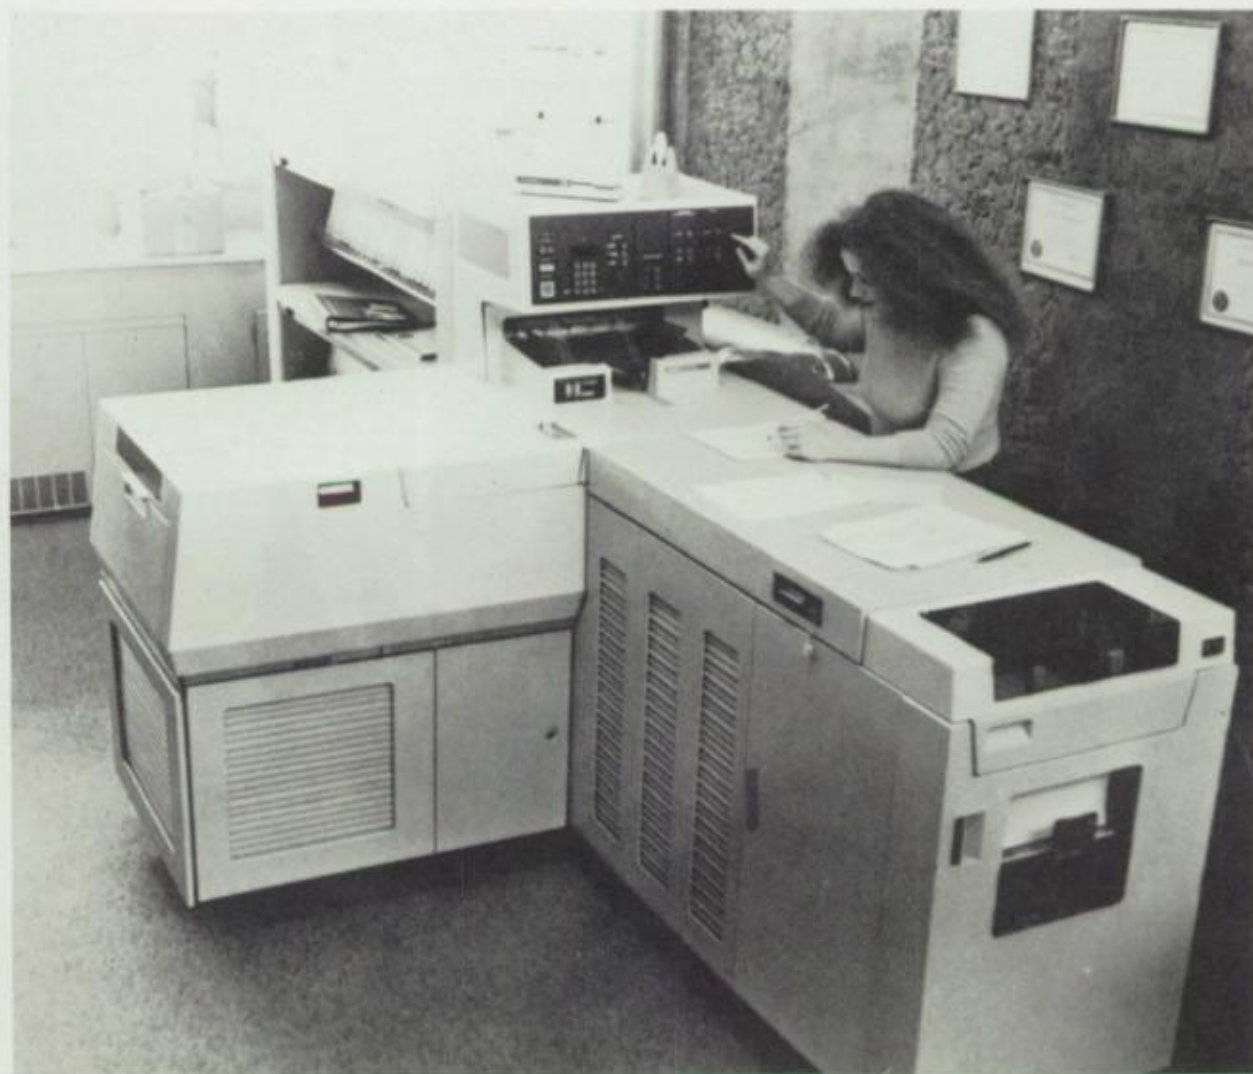

A new feature at this year's rally game was the announcement of the homecoming queen, Traci Johnson.

pushes team to victory over Sunset

Many changes took place last fall: in an effort to make student services more central, room 301 (above) was converted to the new Career Center, and 307 (upper left, center) became the new Counseling Center.

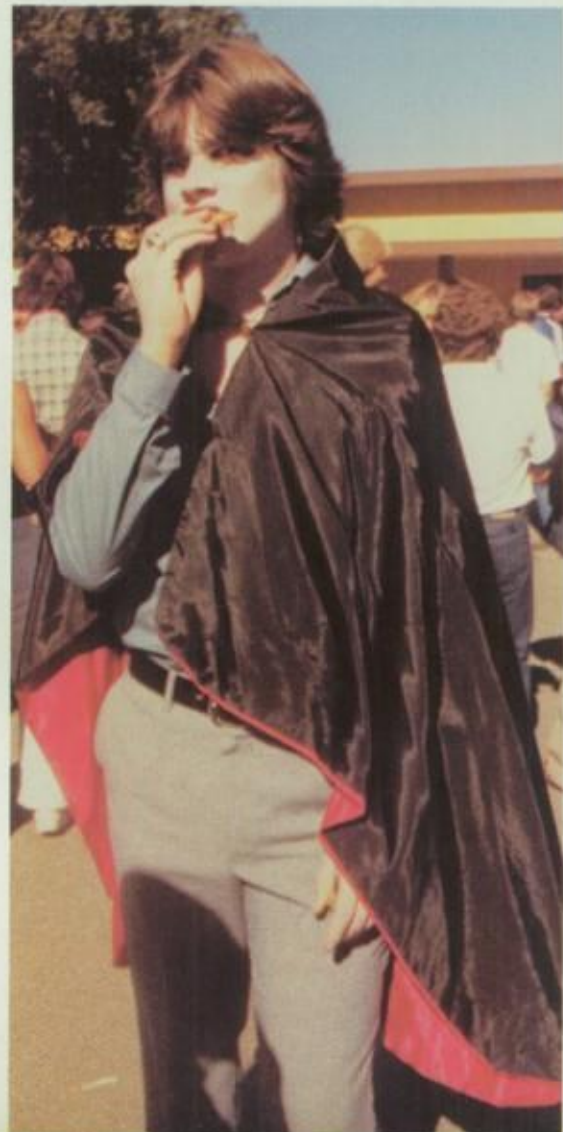

Over the summer the campus was 'opened up': skylights were added to the previously gloomy halls (at left) and the barriers came down around the outside (top); a much needed Xerox machine (above) appeared in the fall, replacing C.V.'s antiquated duplicating processes.

Many changes seen on campus

Halloween draws large crowd in costume

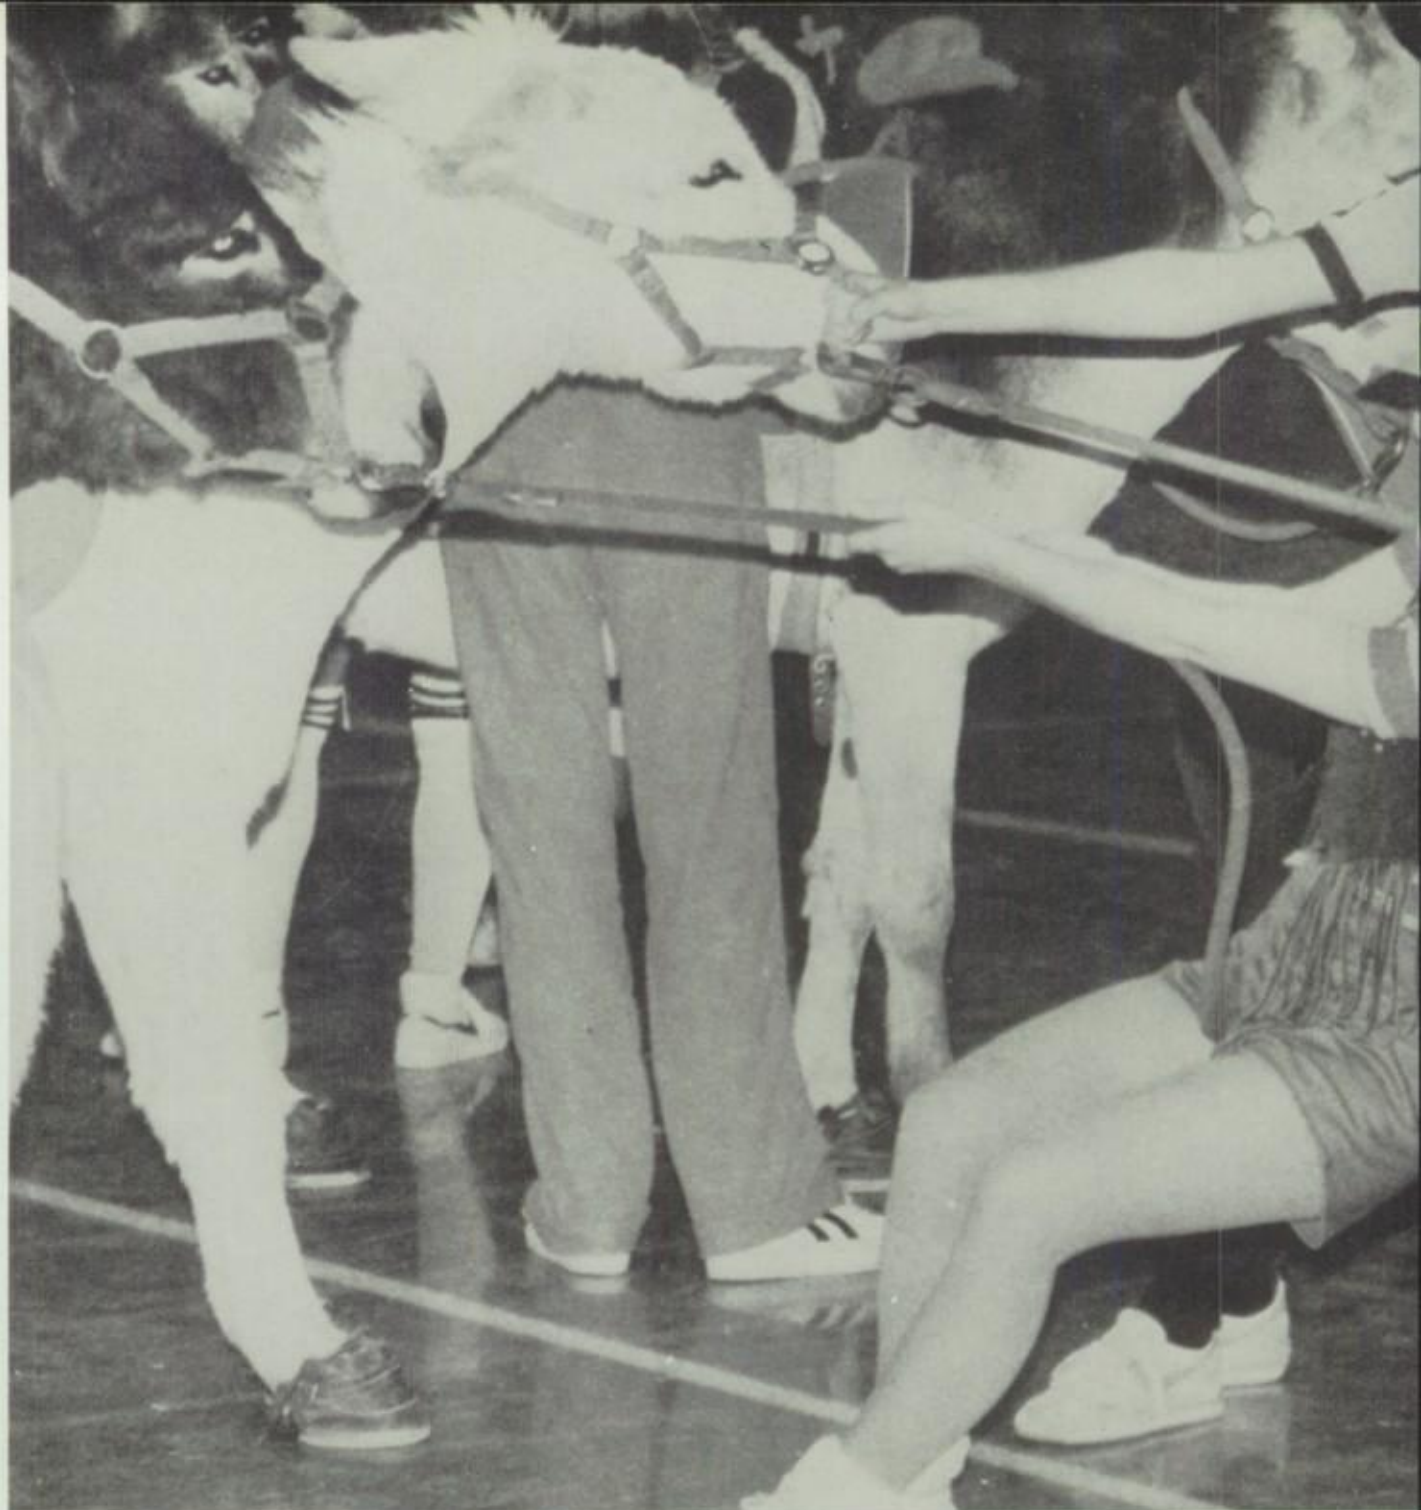

Halloween activities included a large turnout in pie eating (left) with contestants Jordan Chroman, Debbi Quick (below), Regina Rogers (lower right), Karen Deiro and Dana Cresser (center right). Costume judging with John Voge (center left) and Michelle Perez (top), and pumpkin carving with Kathy Burroughs were two other popular events.

At right, senior Sherri Tasto and junior Kelly Murphy battle equally to persuade their donkeys to go. Below, the senior section cheers their team on to victory. Lower left, Amber Horejsi waits for the ball.

At left, as the junior team scores a point, Debbie Sanchez and Loretta Giustino cheer their team on; above, heading for the basket are Don Akers and Pam Golish.

Lunch choices are infinite

From barbecued ribs and hamburgers on campus, to fast foods off-campus C.V. students pig out.

Below, the video craze resulted in an 'Asteroids' game being placed in the Student Activity Center. At right, flashing in various colors, the Nike swish was seen on tennis shoes all through the school. Center, guys and girls alike donned Calvins and other designer jeans in hopes of gaining social status.

Cowboy hats are a source of pride for many students at C.V. Above, Rick Chouinard shows his hat off. At right, sauntering through the courtyard, Pam Golish flaunts her stylish leg warmers and knee length jacket.

"Baby you can drive my car . . ."

CVHS students keep their cars in tip top shape by working hard and spending a lot of money on them. At 8:20 every morning, scores of Mustangs, Camaros, and trucks start crowding in the student parking lot in search of the elusive parking space.

Swimming Pool Ready in June

Castro Valley's two swimming pools, which will be located at the east end of our campus, will be completed in June of 1958.

The pools, consisting of one 42 by 75 foot diving and racing pool, and one 42 by 60 foot training pool, are being constructed by Paddock Pools of the East Bay.

The practice, or beginning pool, ranges from two to three feet in depth. The racing pool goes to a depth of 12 feet, where a one meter and a three meter board are located.

Although the pools are being built on the Castro Valley High School campus, they are actually owned by and maintained by the Recreation Department.

Senior Ball Recommendations

Our first Senior Ball, less than a month away, is a topic of conversation with the entire student body. Those who will not attend this year may attend their own Senior Ball in the next three years. Since this year's Senior Ball will set a tradition, everyone is interested in it.

Although it is too late to change the plans for this year, which have been carefully drawn up and enthusiastically carried out by the juniors, the ACHEAN STAFF feels that next year several improvements could be made.

One of the improvements is to hold the Senior Ball, if possible, someplace other than in the gym. A gym doesn't lend itself to the glamorous mood of a big dance, and by turning the sponsoring of the dance over to the P-TA instead of the school administration, it might be possible to hold the dance off campus, at a country club or hotel. (All school-sponsored events must take place on campus.)

If it were still necessary to have the Senior Ball on campus, why not hold it on the patio instead of in the gym? Decorations would cost less, the atmosphere would be more romantic, and it would be cooler than the gym, yet warm enough for comfort, being held in June.

The second recommendation made by the ACHEAN STAFF is that, if it were agreeable to both next year's Senior and Junior Class, the Senior Ball and the Junior Prom could be presented by the seniors and juniors respectively.

If a class presented its own dance, it would be much easier to incorporate its own ideas, and the dance would reflect the personality of its class. For example, this year's Seniors wanted a "sophisticated" theme for the Ball, which is a hard term to define. The juniors' interpretation may be altogether different from that of the seniors, and the Ball may not be exactly what the seniors expected.

The ACHEAN STAFF commends the juniors for their hard work on our first terrific Senior Ball!!!

Auditorium May Be Completed In Few Days

By ARLENE LEBER

According to Mr. Carl Gelatt, principal of Castro Valley High School, the auditorium part of the cafeteria should be ready for use by the first of February, barring no unforeseen accidents. The kitchen facilities and the complete gymnasium, however, will not be finished and ready for use until the middle of February. But a special exercise room, which will be used by the physical education department and the wrestling team, will be completed in the very near future.

The vocal and instrumental classes, which have just recently vacated the library, are getting themselves situated in their newly completed rooms. The library has its books out of storage, and is in operation at the present time.

As for future plans, Mr. Gelatt said there is a very slim chance of holding any of our basketball games here this year. No action can be taken on the swimming pool that has been planned for our campus, until March, of 1958.

The latest on the football field is that the sprinkling system for the field will be started very soon. After it has been installed, the turf can be seeded for lawn. Mr. Gelatt said it should be com-

Ancient Trojans were protected by a golden statue of the goddess Pallas Athena, which fell to them from heaven. They believed that the statue, which came to be known as Palladium, kept their city safe and that as long as it remained with them, Troy could not fall. To the ancient Trojans, their statue was a symbol of unity and strength which the staff would like this yearbook to be to you.
